

Installation instructions for Rear Set Ducati Panigale V4 / S / V4R (2025-) Part Nr. 503

Left side installation

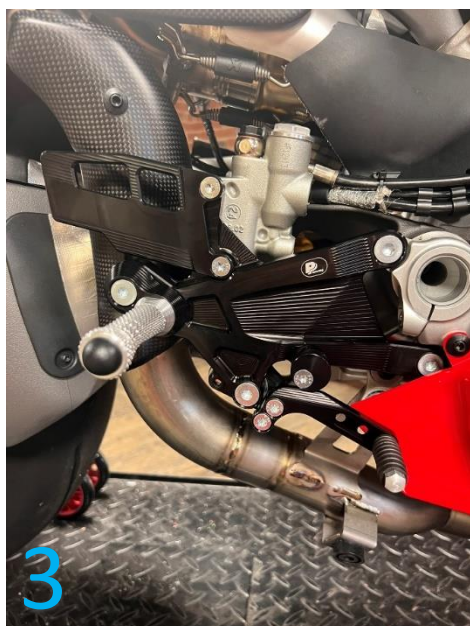

Remove the OEM rearset. The installation of the left side is the same as OEM rearset for both shifting (OEM/reverse). In the case that you keep OEM shifting install the rod shift according pic. 1

If you want to use reverse shifting, install the longer rod shift which is included in the box (pic. 2).

Right side installation

The installation of the left side is the same as OEM rearset (pic. 3). The rearset is fully compatible with brake light sensor.
