

MAENTIVA CARGO

Company information

We carry out international movement of goods between trading and manufacturing entities while utilizing land, air and sea transportation. We offer comprehensive logistics solutions for organizing the entire supply chain ranging from transportation, warehousing, distribution to information flow control which is done via our own information systems developed specifically for process control based on 3PL and 4PL. Among other provided services you will find transportation insurance, customs services, Intrastat, financial services and specialist advice in transportation, logistics and international trade.

Our focus is in the automotive, electrical, food, pharmaceutical and engineering industries.
