GET INSPIRED!

 De afgelopen jaren is er zoveel veranderd in de wereld. Door al die ontwikkelingen buitenaf, transformeren wij zelf ook. We willen de wereld beter en mooier maken. In dit avontuur van verandering, bewegen onze persoonlijke woonstijlen en tuinstijlen met ons mee. Enerzijds gaan we terug naar eenvoud en natuur, met grillige, krachtige designs in warme aardetinten. Robuust maar sfeervol. Anderzijds verlangen we naar kwaliteit en luxe. We verlangen naar het gevoel om één met de natuur te zijn, maar we willen er wel stijlvol bijzitten. Dat doen in onze huiselijk ingerichte buitenruimtes waar we binnen met buiten betrekken.

Speciaal voor veranda's en serres is er de nieuwe outdoor Metal range van ons huismerk TS Collection. Concrete presenteert XL bloempot Aniek met smooth Scandinavisch design. Onze keramiek range blijft voldoening bieden aan meerdere consumententrends, met traditionele modellen en flitsende geglaazuurde varianten. Prachtige tinten die warmte brengen in de tuin, ook op regenachtige dagen.

Welkom in 2023!

 In recent years, so much has changed in the world. As a result of all these developments outside, we ourselves are also transforming. We want to make the world a better and more beautiful place. On this adventure of change, our personal living and garden styles move with us. At one end, we go back to simplicity and nature, with whimsical, powerful designs in warm earth tones. Robust but atmospheric. At the same time, we long for quality and luxury. We long for the feeling of being one with nature, but wish to sit in style. We do so in our homely furnished outdoor spaces where we combine indoors with outdoors.

Especially for verandas and porches we offer the new outdoor Metal range of our house brand TS Collection. Concrete presents XL flower pot Aniek with smooth Scandinavian design. Our ceramics range continues to satisfy multiple consumer trends, with traditional models and flashy glazed variants. Beautiful shades that bring warmth to the garden, even on rainy days.

Welcome to 2023!

 In den letzten Jahren hat sich in der Welt so viel verändert. Aufgrund all dieser Entwicklungen in der Außenwelt verändern auch wir selber. Wir wollen die Welt besser und schöner machen. In diesem Abenteuer des Wandels bewegen sich unsere persönlichen Wohn- und Gartenstile mit uns. Einerseits kehren wir zur Basis und Natur zurück, mit skurrilen, kraftvollen Designs in warmen Erdtönen. Robust, aber stimmungsvoll. Auf der anderen Seite sehnen wir uns nach Qualität und Luxus. Wir sehen uns nach dem Gefühl, eins mit der Natur zu sein, aber wir wollen auch stilvoll sein. Genau das tun wir in unseren wohnlich eingerichteten Außenbereichen, in denen wir das Innere mit dem Äußeren verbinden.

Speziell für Veranden und Wintergärten gibt es das neue Outdoor-Metallprogramm unserer Hausmarke TS Collection. Concrete präsentiert den XL-Blumentopf Aniek mit glattem skandinavischem Design. Unser Keramiksortiment erfüllt weiterhin zahlreiche Verbrauchertrends, mit traditionellen Modellen und auffälligen glasierten Varianten. Schöne Farbtöne, die auch an regnerischen Tagen Wärme in den Garten bringen.

Willkommen im Jahr 2023!

 Ces dernières années, tant de choses ont changé dans le monde. En raison de toutes ces évolutions extérieures, nous nous transformons également nous-mêmes. Nous voulons faire du monde un endroit meilleur et plus beau. Dans cette aventure du changement, nos styles de vie et de jardinage personnels évoluent avec nous. D'un côté, nous retournons à la simplicité et à la nature, avec des designs fantaisistes et puissants dans des tons chauds de terre. Robustes mais atmosphériques. En même temps, nous aspirons à la qualité et au luxe. Nous aspirons à la sensation de ne faire qu'un avec la nature, mais nous souhaitons nous installer avec style. C'est ce que nous faisons dans nos espaces extérieurs aménagés de manière conviviale, où nous combinons l'intérieur et l'extérieur.

Pour les vérandas et les porches, nous proposons la nouvelle gamme Outdoor Metal de notre marque maison TS Collection. Concrete présente le pot de fleurs XL Aniek au design scandinave. Notre gamme de céramiques continue de répondre aux multiples tendances de consommation, avec des modèles traditionnels et des variantes émaillées spectaculaires. De belles nuances qui apportent de la chaleur au jardin, même les jours de pluie.

Bienvenue en 2023 !

1 RESERVOIR

The reservoir has two functions. It stores excess water as a buffer, allowing the plant to drink when thirsty. It keeps redundant water away from the roots, preventing them from developing root rot.

2 PLUG

Are you placing the pot outside? Remember to take out the plug. After heavy rainfall, excess water can drain away via the overflow. It also makes the pot frost-proof.

PLANTS LIVE LONGER IN AN ARTSTONE POT

‘Because each plant has its needs.’

Artstone pots have a special drainage system to make it as easy as possible for plants and their caretakers. The drainage system is Artstone’s own creation and development, and is truly unique! The system is invisibly integrated into the pot, and has multiple functions.

Artstone makes life for you and your plants a lot cozier. Bola, Celine, Claire, Ella, Fiona and Maud transform any space into a green paradise for you to enjoy responsibly. Each design has its own strengths but they clearly have the same genes. A modern look and sustainable all the way. The goal is to make a reliable product that is strong and future-proof, suitable for indoor and outdoor use. Artstone planters are made of recycled plastic with a touch of stone powder, and are fully recyclable themselves. In addition, the pots are colourfast and lightweight, making them easy to move.

SPECIAL DRAINAGE SYSTEM

Above all, Artstone pots have a double-sided drainage system that adds positive value to the comfort of gardening, but also to the quality of the plants. We want to point this out because we’ve noticed that when we talk about sustainability, the focus is often on materials and recycling. With Artstone, it’s all about nature.

A close-up photograph of a large, light-colored wicker basket filled with numerous lavender plants. The plants have green, needle-like leaves and clusters of small purple flowers. Some flowers are in sharp focus, while others are blurred in the background. The basket is placed on a dark, gravelly surface. In the background, a large, light-colored ceramic pot is visible but out of focus. The overall scene is outdoors, likely in a garden or nursery setting.
